

HTS

Hygiene and Toileting System

The HTS is yet another fantastic innovation. The creative and highly adjustable design gives children comfort, security, while offering caregivers ease and simplicity. Simple adjustabilities and ease of cleaning. The quality of this product is by far the best on the market.

The Tri-Frame is a new design that better In any toilet model, round or elongated front, it allows the user to use the same toilet as the rest of the family. *Image 1.*

Various models of bases, fixed and mobile (tilting in space with stirrup). *Image 2.*

Three models with seat and back padding. *Image 3.*

Large wheels improve mobility when overcoming higher thresholds or other obstacles. They add approximately 1" to the height from the floor. *Image 4.*
