

Power Chair rigid frame

FELIX[®]

The Felix[®] R combines comfort, postural support, and precise control in a motorized wheelchair with a rigid frame for indoor and outdoor use. The joystick allows for easy handling, while its ergonomic backrest and headrest improve the user's positioning. It also features a seat that adjusts to body measurements, allowing for personalized and comfortable use throughout the day.

Manual recline from 90° to 130°. **Image 1.**

Easy-to-use joystick. **Image 2.**

8" x 2" solid black front wheels. **Image 3.**

12.5" x 2" solid black rear wheels. **Image 4.**
